More Than Bootstraps Announces Donation of 25 Laptops from Revivn

WESTFIELD and PASSAIC, NEW JERSEY – September 29, 2023. [More Than Bootstraps](#) (MTB) gratefully announces the donation of 25 laptop computers from [Revivn](#), a hardware lifecycle management platform that provides an all-in-one software-enabled solution for managing and repurposing IT assets. The laptops are for use by the High School Fellows and College Student Leaders in MTB and will enable them to participate in More Than Bootstraps' remote programming and meet the full demands of applying to and attending college.

As a certified benefit corporation, Revivn is committed to reducing waste and closing the connectivity gap by providing tech access to empower communities. With the donation of these devices, Revivn not only provides MTB students with the technology they need to succeed, but Revivn allows MTB to dedicate more of its private donor, grant, and foundation funds to student stipends, providing students in the program the financial support necessary to give them time to devote to the work of creating a community of success.

“Have you ever tried to write an essay on a phone? Thanks to Revivn, our students don't have to! COVID and remote instruction exposed and exacerbated the digital divide and educational inequality. By providing devices, Revivn continues to help MTB remove barriers to success for first-generation students,” said **Audrey Fisch**, president of More Than Bootstraps.

College Student Leaders with their Revivn Computers at 2023 Summer Leader Training.

High School Fellows using their new laptops at 2023 Summer Orientation.

Grants and donations to More Than Bootstraps fund monthly and summer stipends that allow the high school and college students in the program some time and space to devote to their professional development and college-going activities while still meeting their financial responsibilities.

Interested donors are invited to visit the MTB website: www.morethanbootstraps.org/donate.
